*Your organisation will be invoiced for £30 for non-attendance.

WHAT WILL I LEARN?

The Community Council for Berkshire is running a course for Community Development Workers faced with the challenges of developing collaborative partnerships within rural communities. The workshops will take place over two days in October and November 2009.

The workshops will allow participants to build on their existing community development skills but will also tackle and develop solutions to some of the barriers preventing successful parish partnerships.

At the end of the 2 day course you will have:

- Explored the options and benefits of collaborative working for organisations within rural communities
- Strengthened your partnership development skills
- Acquired some new practical tools and approaches
- Taken part in a recognised course funded by Capacity Builders under the Collaboration Benefits Programme
- Be able to run courses yourself which can generate income for your organisation

Delegates must attend both workshop dates to receive recognition under the Collaboration Benefits Programme.

**Collaboration
Benefits**
Resources|Skills|Action

Collaboration Benefits is a 3 year partnership programme funded by CapacityBuilders. The rural strand is being delivered by ACRE in partnership with 5 Rural Community Councils.
